

Covid-19 Pandemic Response Plan

Daily Individual Health Screening Process

PLEASE, complete the following individual health screening process at home prior to coming to Pierre School District facilities.

An answer of “YES” to any of the following screening questions prohibits attendance at Pierre School District facilities.

1. Do you feel sick?
2. Do you have any of the following symptoms?
 - Temperature 100.4 degrees Fahrenheit or higher
 - Sore throat
 - New uncontrolled cough that causes difficulty breathing (for students with chronic allergic/asthmatic cough, a change in their cough from baseline)
 - Diarrhea, vomiting, or abdominal pain
 - New onset of severe headache, especially with a fever

In the event the South Dakota Department of Health has identified you as a close contact, the Pierre School District recommends individuals follow Department of Health Recommendations.

The most critical component of our Covid-19 Response Plan is a **cooperative partnership** between parents, staff, and students, where individuals commit to staying home if sick, practicing good hygiene, and practicing social distancing when possible.

Together, we can promote our community's health!
