

EZ School Pay

We would like to encourage all parents to sign up for the EZ School Pay system. This is a good way to keep track of student's meal balances and you can also track what your students are purchasing each day.

There are some options where you can set a low balance notification system where you put in the amount you want to be contacted by email in and the system automatically generates an email to the address you put in so you know in advance when your child(ren) are low on meal funds.

You can just go to www.ezschooldpay.com and follow the instructions to sign up. The only information you need from the school is your student's lunch number or Person ID number. You can call the school your child attends and ask the secretary's to look up your child's student ID number in Campus and you will need that number, last name and zip code and they will be added to your account.

If you have any questions please call 773-7337.

Thank you,

Liz Marso
