PHILOSOPHY OF EDUCATION

Preamble:

Recognizing that the future of America depends upon an informed and educated citizenry; and acknowledging that it is the responsibility of the public schools to provide the opportunity to acquire knowledge, to inspire learning, and to foster personal responsibility in the young people entrusted to them, the Pierre Board of Education sets forth the following statement of philosophy.

Statement of Philosophy

It is the intent of the Pierre Board of Education that each student who attends the Pierre Public Schools be encouraged to develop his or her academic and social potential to its fullest.

Furthermore, it is the intent of the Pierre Board of Education that students in the Pierre Public Schools be afforded the opportunity to acquire and develop intellectual and physical skills and aesthetic appreciation, under conditions which stimulate ethical choices, responsible citizenship, effective leadership, and respect for the rights and freedoms of others.

In striving to attain these goals, the Pierre Board of Education acknowledges the obligation to seek and maintain (a) academic and social participation of students regardless of race, sex, creed or economic background; and (b) open lines of communication among students, parents, teachers, administrators, and counselors for effective understanding and guidance of students within the Pierre School District.

T. F. Riggs High School Mission Statement and Belief Statements:

The mission of T. F. Riggs High School is to provide students with the necessary knowledge, skills, and attitudes to become life-long learners and productive members of society.

- Each student is a valued individual with unique physical, emotional, and intellectual needs; therefore, instructional practices should incorporate learning activities that take into account the differences in learning styles.
- Students learn best when they have appropriate opportunities for success and are actively engaged in the learning process.
- A student’s self-esteem is enhanced by positive relationships and mutual respect among students and staff.
- The school should promote student learning by providing a safe and physically comfortable environment.
- School personnel, parents, and the community share the responsibility for the support of the school’s mission.

School Board Policy Prohibiting
Serious Student Misconduct

Adopted 12/9/74

While these rules are not all inclusive, they give some idea of the types of misconduct which can result in long-term suspension or student expulsion.

RULE 1. DISRUPTION OF SCHOOL

A student shall not by use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct intentionally cause the substantial and material disruption or obstruction of any lawful mission, process, or function of the school.

Neither shall he/she urge other students to engage in such conduct for the purpose of causing the substantial and material disruption or obstruction of any lawful mission, process, or function of the school if a substantial and material disruption or obstruction is reasonably certain to result from his/her urging.

While this list is not intended to be exclusive, the following acts -- when done for the purpose of causing a substantial and material disruption or obstruction of any lawful mission, process or function of the school -- illustrate the kinds of offenses encompassed here:

(1) occupying any school building, school grounds, or part thereof with intent to deprive others of its use;

It shall be a violation of this policy for any student or any school personnel of the School District to harass a student, any school personnel, or any visitor through conduct or communication of a sexual nature or communication disparaging a person’s race, color, religion, creed, ancestry, national origin, gender, sexual orientation, disability, or age. For the purpose of this policy, “school personnel” includes School Board members, all school employees and agents, volunteers, contractors, or persons subject to the supervision and control of the School District. This policy applies on all School District property and to all School District sponsored, approved, or related activities at any location.

The School District will investigate all complaints of harassment and will discipline or take appropriate action against any student or school personnel who is found to have violated this policy.

Every employee will be provided a copy of this policy and its regulation annually and will sign an acknowledgement form indicating having received a copy and having read the material. Supervisors and school principals shall submit the signed form to the Title IX coordinator.

A. Definitions

1. Harassment: Harassment consists of physical or verbal conduct related to a person’s race, color, religion, creed, ancestry, gender, sexual orientation, national origin, age, disability, or other basis prohibited by law when the conduct is so severe, pervasive, and objectively offensive that it:

B. Reporting Incidents of Harassment

Any person who believes he or she has been the victim of harassment as defined above by a student or an employee of the School District shall report the alleged acts immediately to the building principal, the department supervisor, or the Superintendent’s Office. The report shall be on a form available from the principal of each building or available from the Superintendent’s Office.

1. Designated Personnel. The building principal is the person designated by the School District for receiving written reports of harassment at each school building. All other written reports shall be directed to the applicable department supervisor. Upon receipt of a report, the principal or director shall immediately notify the Title IX Coordinator and Superintendent and forward the written report form to Title IX Coordinator. Failure to forward any harassment report or complaint as provided herein will result in disciplinary action. If the complaint involves the building principal or department director, the complaint shall be filed directly with the Title IX Coordinator.

2. District wide. The School Board hereby designates the Middle School Principal as the School District’s Title IX Coordinator to receive reports or complaints of harassment from any individual, employee or victim of harassment and also from the building principal or department director as outlined above. If the complaint involves the Title IX Coordinator, the complaint shall be filed directly with the Superintendent. The School District shall post on employee bulletin boards and on the website the name of the Title IX Coordinator including a mailing address and telephone number.

3. Submission of a complaint or report of harassment. Submission of a complaint or report of harassment will not affect the individual’s employment or work assignments.

4. Confidentiality. The School District will make attempts to respect the confidentiality of the complainant and the individual(s) against whom the complaint is filed as much as possible consistent with the School District’s legal obligations and the necessity to investigate allegations of harassment and take disciplinary action when the conduct has occurred.

5. Procedure. The complaining employee will be asked to put the facts surrounding the conduct in writing on a form provided by the School District that includes the following: Complainant’s name and address; date of the incident; type of harassment; description of the incident; name of any witnesses; what action, if any, has been taken; and signature of the complainant.

6. Required Reporting. If the accusations include possible criminal activity such as molestation, sexual battery, or similar contact, the Title IX Coordinator shall comply with all mandatory state reporting requirements.

C. Investigation

Upon receipt of a written report alleging harassment, the Title IX Coordinator shall immediately authorize an investigation. This investigation may be conducted by School District officials or by a third party designated by the School District. The investigating party shall provide a written report of the status of the investigation within ten (10) working days to the Superintendent and the Title IX Coordinator.
In determining whether alleged conduct constitutes harassment, the School District should consider the surrounding circumstances, the nature of the advances, relationships between the parties involved, and the context in which the alleged incidents occurred.

The investigation may consist of personal interviews with the complainant, the individuals(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigating party.

In addition, the School District may take immediate steps at its discretion to protect the complainant, students, and employees pending completion of an investigation of alleged harassment.

During the investigation, all parties directly involved in the complaint may have legal or other representation. If any party elects to be represented at any step of the complaint procedure, the name of the representative must be declared in writing to the Title IX Coordinator within two (2) days of the filing of the complaint, notification of any investigation, or the filing of any appeal.

D. School District Action

1. Upon receipt of the recommendation that the allegations of the complaint constitute a violation of School District policy, the School District will take such action as appropriate based upon the results of the investigation.

2. The results of the investigation of each complaint will be reported in writing and kept on file in the Title IX Coordinator’s office. The report shall include findings of fact and will document the disciplinary action taken, if any, as a result of the complaint.

3. The complainant will be advised of the District decision in writing on a form supplied by the School District.

4. If either party is not satisfied with the written decision rendered by the School District, he or she may appeal the decision in writing to the Superintendent within ten (10) working days following receipt of the decision. The appeal must include the original complaint form, a copy of the written decision, and a written statement as to the reason for appeal.

5. The Superintendent will review the material submitted, investigate the circumstances and respond in writing within fourteen (14) workings days of the appeal with a determination to uphold, modify, or reverse the District decision. At the Superintendent’s discretion, an additional investigation may be conducted, including interviews with the complainant, the individual(s) against whom the complaints filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaints. The appeal may include any other methods or documents deemed pertinent by the Superintendent.

6. If either party is not satisfied with the decision rendered by the Superintendent, he or she may request a hearing in executive session with the School Board. The request for hearing must be submitted in writing through the Superintendent’s Office within ten (10) working days following receipt of the Superintendent’s response. The appeal must include the original complaint form, a copy of the written decision from the Superintendent, and a written statement as to the reasons for appeal. The hearing will be scheduled within thirty (30) working days of the request for hearing. The parties involved will be notified in writing of the time and date of the scheduled hearing.

7. The School Board will render a decision in writing within ten (10) working days of the hearing.

E. Prohibition against Retaliation

The School District will discipline any individual who retaliates against any person who reports alleged harassment or who retaliates against any person who testifies, assists, or participates in any investigation, proceeding, or hearing related to a harassment complaint.

Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment. Retaliation is itself a violation of federal and state laws prohibiting discrimination and may lead to separate disciplinary action against an individual.
If any school personnel or student who has filed a complaint or has testified, assisted, or participated in the investigation of harassment believes that he or she has been retaliated against because of his or her participation, he or she should follow the procedures set forth above.

F. False Charges

Charges found to have been intentionally dishonest or made maliciously without regard for truth may subject complainants to disciplinary action.

G. Uncomfortable Situations

The School District recognizes that not every uncomfortable situation constitutes harassment. Whether a particular action or incident is a personal, social relationship without a discriminatory employment effect requires a determination based on all the facts and surrounding circumstances. False accusations can have a serious detrimental effect on innocent parties.

H. Discipline

Any School District action taken pursuant to this policy will be consistent with requirements of applicable collective bargaining agreements and School District policies. The School District will take such disciplinary action it deems necessary and appropriate, including but not limited to, warning, suspension, or immediate discharge to end harassment and prevent its reoccurrence.

RULE 9. REPEATED SCHOOL VIOLATIONS

A student who repeatedly fails to comply with the directions of teachers, student teachers, substitute teachers, teacher aides, administrators or other authorized school personnel may be suspended or expelled.

TITLE IX INFORMATION

PROVIDED FOR: PARENTS & STUDENTS OF THE PIERRE SCHOOL DISTRICT #32-2

Several years ago, Congress passed Title IX of the Education Amendments of 1972, which prohibits sex discrimination in federally assisted programs. On May 27, 1975, President Ford signed the final version of the regulations which govern that legislation.

Title IX is the portion of the Education Amendments of 1972 which prohibits sex discrimination in federally assisted education programs. Specifically Title IX states:

“No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.”

The governing regulations -- effective July 21, 1975 -- cover all aspects of sex discrimination in schools with regard to admissions, treatment of students, and employment.

In an effort to comply with Title IX, the Pierre School District affirms that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity.

In a further effort to comply with Title IX, the Pierre School District has appointed the Superintendent to coordinate its Title IX effort. The Coordinator is assigned to investigate non-compliance complaints and to disseminate information and affirmative action policies. The Superintendent can be reached at the District Administration Building, 211 S. Poplar Ave., or by calling 773-7300.

ABSENT - SCHOOL ACTIVITY

Students who must be absent from school due to a school-sponsored trip or activity must make up all their work in advance.

ADVANCE ABSENCES

If a student knows in advance that he/she will be absent from school because of a medical, dental, or eye appointment or any problems of this nature, they should have their parent or guardian call Riggs High School or bring a note from them. Students may then make arrangements for the completion of their work in advance prior to the absence.

ANNOUNCEMENTS/DAILY BULLETIN

Information can be submitted for the daily bulletin by writing the announcement and having it signed by a principal. These announcements should be dropped off in the main office by 3:30 the day before the announcement is to be posted. The bulletin includes information concerning assemblies, athletic activities, social activities and other general announcements. Announcements will be emailed daily to all students. It is the student’s responsibility to know what is in the daily announcements. Students will not be excused from mandatory school activities due to failure to read the announcements.

ASSEMBLIES/PEP RALLIES

Students are to attend all assemblies unless prior arrangements are made with the principal/assistant principal. It is the student’s responsibility to know when an assembly is scheduled. Non-attendance will be considered a skip. Students with scheduled classes who do not wish to attend a pep rally may report to the lunchroom.

ATHLETIC ITEMS LOST

Students are responsible for all items checked out to them. If items are lost, stolen or not returned for any reason, a fine may be assessed.

ATTENDANCE

Students are allowed 6 absences each semester for each course taken. Additional absences for reasons other than the following will put a student in violation of the attendance policy and he/she may be dropped from the class or classes from which the absences occur. Oversleeping is considered an unexcused absence. Parents are expected to call the main office between 7:00 a.m. and 4:00 p.m. (or leave a message on the automated answering system) within twenty-four hours of the absence. If the school is not contacted within the twenty-four hours, the absences will be marked as unexcused.

(1) Personal illness of more than three (3) consecutive days will require a note from a physician stating the student should not be in school. For cumulative absences for illness in a semester beyond 6, parents must submit a doctor’s statement of necessity of the continued absences.
(2) Funerals.
(3) Appointments, either legal or medical, which cannot be arranged outside of school time.
(4) Suspended from school,
(5) An unforeseen circumstance or emergency that arises and is cleared by an administrator.

Note – Students are considered to be in attendance when representing Riggs High School in a school-sponsored activity or function as well as when serving as a page in the South Dakota Legislature.

When a student is being dropped from one or more classes, the parent/guardian of the student will be notified in writing by the administration. Students who are dropped from any class due to violations of the attendance policy may appeal that decision to a building attendance committee. That committee will consist of a building administrator, the student’s counselor, and at least two classroom teachers, one of whom shall be one of the
student’s current teachers. At the hearing students may present evidence regarding why they should be allowed to continue their enrollment in the class/classes. Students permitted to continue in the class/classes in question will be placed on probationary status, which will include an attendance contract with clear expectations for their class attendance and performance.

Students who are dropped from class due to attendance will receive a “DF” (dropped fail) for the semester on their transcript. Students will be assigned to study hall for the period/periods from which they are dropped. The mark of “DF” (dropped fail) will be computed in the student’s grade point average.

Exceeding 6 absences in a period each semester may result in referral to legal authorities for violation of compulsory attendance laws.

Any student who is gone from school for 20 consecutive days without contact will be dropped from the rolls. Students under the age of 18 will be referred to the appropriate states attorney’s office for truancy.

Parents/guardians should call the high school office prior to 9:00 a.m. or as soon as they determine their child will not be attending one or more classes. The office is open and receiving calls by 7:00 a.m. each day.

Students wishing to participate in extracurricular activities or social activities or any function sponsored by the school or one of its organizations held that day or evening must be in school for three periods prior to leaving for the event. If the event is held in the evening or after school, the student must be in attendance periods 5, 6, and 7.

Students becoming ill or needing to leave the building for any reason during the school day must report to the office prior to leaving so they may be excused to leave. A student who leaves school for any reason without being excused by the office personnel will be considered to have skipped school.

If students become ill while they are home for noon lunch or are unable to return to school for scheduled classes, the parent/guardian must call prior to the start of the student’s next class period. If the school does not receive this phone call, the student will be considered to have skipped.

If a student does not return to school after a free period, the parent/guardian must call prior to the start of the next class period. If the school does not receive this phone call, the student will be considered to have skipped and will lose his/her open campus or attend detention depending upon their open campus status.

If the student cannot reach a parent/guardian to call prior to the start of the next class period, the student is to call the office prior to the start of the next class period to explain the absence and when a parent will be available to call the school.

Unplanned Absences:
Students absent a full day for excused reasons will have two full school days to make up the work for any day missed, and all work is due to the teacher at the start of the class period on the third day. For example, if a student missed the full day on Monday, he or she would have Tuesday and Wednesday to complete assignments and turn them in no later than the start of the class period on Thursday. For a multi-day absence, students have two days for every day missed, up to a maximum of five school days, with all work due to the teacher at the start of class on the sixth day. Extensions may be granted upon recommendation of the teacher and administrator. Students who fail to turn in work by the due date will receive no credit for the work unless prior arrangements have been made with the teacher.

Planned Absences:
When students know in advance that they will be absent for reasons such as student activities, vacations, and legal or medical appointments, they must make arrangements with teachers for the completion of their work prior to the absence. All assignments are due upon return unless alternate arrangements have been made with the teacher. Failure to do makeup work in advance when the teacher requires it may result in receiving no credit for that work.
Unexcused Absences:
Any student who skips a period of school will lose his/her open campus for the remainder of the quarter (minimum of five days) and/or will be assigned detention. Additionally, any student who chooses to skip will receive no credit for work done in class that day.

Partial-Day Absences:
Students who are absent for a partial day must contact all teachers of missed classes that same day. Students must turn in assignments due that same day unless alternate arrangements are made with the teacher. If a test is missed, the student must take the test before the next meeting of the class (either during open/study hall or after school that day or before school the next morning) unless other arrangements are made with the teacher. Failure to take tests before the next meeting of the class may result in a reduction in the test score.

BACKPACKS, BOOK BAGS, DUFFLE BAGS
School issued and other school approved backpacks and computer cases are permitted.

BEVERAGES
Access to beverages outside the lunchroom is a privilege. Abuses of the privilege may result in the beverage machines being turned off or eliminated. Students may have beverages only in designated areas including:

1. In the lobby where the machine is located.
2. Any place outside the school buildings.
3. In the cafeteria.
4. Beverages of any kind other than water are never to be taken to the classroom or hallways.

CHURCH - SUNDAY AND WEDNESDAY EVENING
There are no scheduled school activities, rehearsals, group meetings or other school functions on Sunday or after 6:00 p.m. on Wednesday evening. This is to allow students to participate in church group activities. Any deviation from this policy must be cleared through the principals.

CLASS DESIGNATION

Class Designation:
Freshman: 1st year of high school
Sophomore: completed 1 year of high school and earned 5 or more credits
Junior: completed 2 years of high school and earned 10 or more credits
Senior: completed 3 years of high school, earned 15 or more credits, and completed State-mandated Dakota Step testing

Student ID tags colors will match their grade classification in the computer: seniors – green, juniors – blue, sophomores – red, freshmen – yellow.

COMPLAINT POLICY
Any resident or community group shall have the right to present a request, suggestion or complaint concerning district personnel, school programs or the operation of the district. At the same time, the Board has a duty to
protect its staff from unnecessary harassment. It is the intent of the District’s complaint policy to provide a fair and impartial manner for seeking appropriate remedies.

Complaint Policy for Federal Programs: A parent, student, employee, or district stakeholder who has a complaint regarding the use of federal NCLB funds and is unable to solve the issue, may address the complaint in writing to the district’s superintendent. Disputes addressing the enrollment, transportation and other barriers to the education of children and youth experiencing homelessness are also addressed under this procedure.

Copies of the District's complaint policies are available at the District Office as well as at each attendance center.

**COMPUTER USE POLICY**

The District’s acceptable use internet policy and tablet computer policies will apply to all student use of school computers. (See Appendix A and B.)

**COMPUTING CLASS RANK**

All students in the class are included in the class rank with number 1 being the highest possible position. All classes taken for high school credit will be used in determining honor roll status. Class rank is computed at the end of each semester.

All classes taken for high school credit at the middle school will be included on the students transcript. These classes will also factor into the calculation of a student's high school GPA unless the student decides to retake that course at the high school level. In this instance, only the grade earned in the high school course will be used in the calculation of the GPA.

All semester long college dual credit classes will have the same weight on GPA as a semester class taken at the high school level regardless of the number of college credits that the course is worth.

These numbers will be used to compute grade point average:
- A = 4.0/semester
- B = 3.0/semester
- C = 2.0/semester
- D = 1.0/semester
- F = Failure

**COURSE WITHDRAWAL/DROP-ADD POLICY**

Students wishing to drop / add a course to their schedule may do so either prior to the start of the semester or before the end of the 5th day following the beginning of the semester. Students with more than full time load may drop a class before the end of the 10th school day of the semester. Students must be in compliance with the scheduling and academic load policy to be considered a full time student. Students must carry a minimum of six credits as freshman and sophomores and five credits for juniors and seniors (five face-to-face classes per semester). Students may drop a year-long course at the end of the first semester. Each of the aforementioned processes begins with a visit to a counselor.

Students wishing to withdraw from a course due to special circumstances (as determined by the administration) after the 10th day must make an appointment and visit with a principal to make this request and complete the required form. Parents, teachers, and counselors may be requested to meet as needed.

Students allowed to withdraw due to special circumstances after the 10 day period will receive a “DR” (dropped with no credit) on their transcript. Students may be assigned to a study hall during that period. The mark of “DR” will not be computed into the student’s grade point average.

Students who are withdrawn from a course by the administration for any reason not considered a special circumstance after the 10 day period will receive an “F” for the semester on their transcript. Students will be assigned to study hall for the period from which they were dropped from class. The mark of “F” will be computed into the student's grade point average.
CREDITS EARNED

To earn a full unit of credit a student must successfully complete two semesters of course work at the high school level. A student's transcript is the official, permanent record of all courses attempted at the high school level and indicates the semester grades for all courses taken. Students earn credit in half units at the end of each semester for successfully completed courses. A grade of "D" or better is required to earn credit. All classes taken, or retaken will show on a student's transcript and will figure in their grade point average. Students wishing to retake a course for which they have already earned credit must have the approval of a counselor and administrator to do so. Students will not receive additional credit for the courses retaken.

Any dual credit class, regardless of the number of college credits, will be assigned one full high school credit, but will have the same weight on the GPA calculation as every other semester long course at the high school.

CRISIS HOTLINE

When students feel afraid, worried, scared, sad, guilty, abandoned, lonely, embarrassed, confused or wish it would all just go away—they can call this 24 hour hotline at 1-800-691-4336. There are people that care and want to help. All calls are confidential.

If a participant wishes to go out for an inter-school activity or event to fulfill their obligation for their violation, daily attendance and full participation must occur for the entire inter-curricular activity for the violation to be suspended. If a participant does not fulfill the entire obligation, the consequences will be transferred to the next inter-school activity.

VERIFICATION OF VIOLATIONS
Beginning with the 2018-19 Academic school year the implementation of penalties shall be based upon legal citation or arrest, an admission of violation by a participant, or direct observation by a school staff member or community member. Alleged violations will be investigated, and the assignment of penalties will be based upon confirmation of the allegations made. Individuals bringing allegations must be willing to identify themselves and may be called upon to meet with the person/persons against whom the allegations are made and/or their parents or guardian.

DETAILS FOR IMPLEMENTATIONS
1. The rule is for the entire calendar year.
2. The rule involves all students in grades 7-12. Students will start with a clean slate at the end of their 8th grade year once any pending suspensions are served.
3. Violations accumulate throughout the student’s high school career.

• All substance abuse violations that fall under SDCL: 13-32-9 must also be self-reported to administration within the 48 hours of the time of citation in order to be able to benefit from the 48 hour self-report violation policy.

STUDENT DUE PROCESS
A student who is informed by school officials of his/her ineligibility may request a hearing with school administrators. Up to date school lunch prices can be found on the Food Service tab on the District Website.

Riggs students will be allowed to charge the value of up to 5 lunch meals to their account except for the last two weeks of school when no charging is allowed. After a student’s account reaches a negative balance equivalent to 5 lunch meals, the student will no longer be allowed to charge meals but may continue to purchase meals using cash. During the time the student has a negative balance, no extras or Ala carte items may be charged, and only the main meal will be served until the account balance is positive. Once a student has $10.00 remaining on their account, the student will receive a verbal warning that their account is low or negative. Please check the TIME SCHEDULE for the exact time of each lunch period.

Lunch periods are closed for all 9th and 10th grade students. They will be required to report to the lunchroom regardless if they choose to eat school lunch or not. Students will remain in the lunchroom for the duration of their assigned lunch period. Skips from lunch periods by 9th and 10th grade students will be treated the same as skips from assigned classes and study halls.

5. The prescription medication to be administered or stored must be in a pharmacist’s labeled container specifying the student’s name, date of prescription, directions for use and prescribing physician’s name.
6. It is the student’s responsibility to come to the office to take his/her medicine.
7. A record of all prescribed medications given to all students must be kept. These will be retained for one year and then destroyed.
8. Secondary level parents may choose Option 1 or Option 2 on the School Health Services Request and Authorization for Medication form.
9. If Option 2 is chosen, only one dose per day may be carried by a student during school hours. Exceptions to this will have to be approved by the principal or his/her designee.
10. Violation of the Option 2 policy will result in the withdrawal of the privilege of the student carrying his/her own medication.
11. Unused medication must be picked up on or before the last day of school or one (1) week after the last dose is given. Medications not picked up will be destroyed.

No “Over the Counter” medications will be given without a doctor’s written order.

ADMINISTRATION OF MEDICATIONS TO STUDENTS

The administration of medications to students shall be provided at school when the principal has determined it is a necessary and appropriate service for the district to provide.
1. Diagnosis and treatment of illness are not the responsibilities of the District and shall not be practiced by school personnel.
2. School personnel shall not provide aspirin or any other medication to students.
3. No “over-the-counter” medications will be given without a doctor’s written order.
4. Medication shall be stored in a locked location or locked box provided for medication storage.
5. Students requiring medications at school shall be identified by the parent to authorized school personnel.
   a. A completed “Request and Authorization for Medication” form shall be submitted to the school office.
   b. Medication shall be brought to school by the parent in a bottle labeled by the pharmacy, including student’s name, medication name, physician, and dosage of the drug to be taken.
   c. The medication shall be supervised and recorded immediately after supervision by school personnel as delegated by the principal and supervised by the school nurse.
   d. In specific situations, students at the secondary level (Riggs High School) may be responsible for their own medication and self-administration. Parents shall send only the medication dosage needed for the school day with the students.
6. Pierre Public Schools will not be responsible for any medication self-administered by a student with or without our knowledge.

NATIONAL HONOR SOCIETY

To be eligible for National Honor Society membership, a student must have an accumulative grade point average of at least 3.5 and be a junior or senior. Membership in the National Honor Society is based upon excellence in three areas: SCHOLARSHIP, LEADERSHIP AND SERVICE, AND CHARACTER. Each category is judged independently. There is a maximum of 100 points. They break down as follows: 40 points for grade point average, 30 points for leadership and service, and 30 points for character. In addition to the academic requirement, participation and leadership in school activities are required.

After students become members of the National Honor Society, they must maintain the high standards of the Society. Active members in the National Honor Society are required to maintain a minimum scholastic grade point of 3.5 and live up to the character, leadership, and service ideals of the National Honor Society. The National Honor Society Constitution states that members with flagrant violations of school rules or civic laws constitute or may constitute dismissal from National Honor Society. In the case of academic violations, the member should be given at least one semester to raise his or her cumulative grade point average.

The final decision for membership is based on eligibility and review by the faculty committee. If you have any questions regarding the Society or membership, please contact your school counselor.

OPEN CAMPUS POLICY

All of the policies listed below will be followed in the administration of the open campus program for junior and senior students.

Students meeting any of the following criteria will lose open campus/open period privileges when not assigned to class. This includes periods one through seven of the school day.

1) Students with "F's" or incompletes at any mid-term or quarter-end will lose their open periods and be assigned to a study hall until the next mid-term/quarter-end. For an incomplete, the student will lose open periods until the incomplete is properly resolved with a grade change processed in the office by the appropriate teacher. Students with incomplete semester grades will also have open periods closed until they are resolved.

2) Students with incompletes will attend all study halls until the grade has been changed on the student's report card and the student has verified the change with the administrative office.

3) A student who has an unexcused absence from school or Saturday detention will have his/her open campus closed for the remainder of the quarter (not less than 5 days).

4) Open campus privileges may be withdrawn at the request of parents or guardians.

5) Students must attend all homeroom meetings and assemblies. If a student fails to attend them, his/her open periods will be closed.

6) Any student dropped from a class due to attendance will have his/her open campus closed for the remainder of the course. Example, if a student is dropped from a semester course, he/she will have his/her open campus closed for the remainder of that semester.

7) Students will lose open campus periods for the remainder of the quarter (not less than 5 days) if they earn a tardy-sweep.

8) Students will lose open campus periods for the remainder of the quarter (not less than 5 days) if they exceed 6 absences (excused or unexcused) in any class during a semester.

9) Violation of other school policies may also cause a student to lose open campus.

Any questions that a student has relating to the above policies should be directed to the school administrators.
PAGE AT SOUTH DAKOTA LEGISLATURE

Arrangements for school work must be made two weeks before the student is to take his/her post. There is a form that must be completed prior to the principal’s final decision as to the student’s participation as a Page.

PEER TUTOR PROGRAM

Peer tutoring is available on a limited basis and can be arranged through the School Counselors Office.

PREGNANT STUDENTS

The Pierre School District encourages pregnant students to continue their education. Their needs will be evaluated on an individual basis.

A pregnant student may be excused from school when her physical condition warrants it and her physician so states in writing. A pregnant student in the Pierre School District must, as soon as possible, advise a counselor or school administrator of her pregnancy. The school counselors will request a meeting with the student and her parent or guardian and the school nurse. In implementing this policy of the Pierre School District, it is necessary that the guardian/parents of the pregnant student fill out the appropriate forms. A principal and the Young Moms Coordinator will be available to meet upon request. Participation in class or extra-curricular activities that could be detrimental to a pregnant student’s health or safety will be contingent upon the written statement of the student's physician. Pregnant students may be given information about available resources in the community. The Pierre School District does not have a home bound program.

PROM

Students must be of Junior or Senior status to attend prom. Student dates who do not attend Riggs High School must be under 20 years of age and have completed a Guest Consent Form which has been approved by a principal.

REPORTING PERIODS

Report cards will be distributed to students and parents two (2) times per year. These times will be at the end of each semester. Grades will be posted on DDN Campus under both the parent and student portal for access at 2nd and 4th midterm and quarter ends. Progress reports will be distributed at mid-term during first and third quarter Parent-Teacher Conferences.

SCHEDULING & ACADEMIC LOAD

1. In grades 9 and 10, students must carry a minimum of six credits per year (6 classes per semester). Any deviation from this will require principal approval.
2. In grades 11 and 12, students must carry a minimum of five credits per year (5 face-to-face classes per semester). Any deviation from this will require principal approval.
3. A student requesting more than 6 credits per year must have a conference with a counselor.
4. Schedule changes will be made where additional course work is needed in order to meet graduation and/or credit needs.
5. A student who has an unresolved conflict on his/her schedule following the completion of the computer scheduling will be allowed adjustments in order to settle the conflicts. This may require changing other previously scheduled classes. Students should advise a counselor if problem arises.
6. Three study halls in succession will generally not be permitted.
7. Students may be changed from one section to another for class balance.
8. Administrative adjustments due to recommendations of faculty and the school counseling department will be made when appropriate.
9. Some elective subjects are offered only one period per day. If there is little demand for a specific elective it may be dropped from the schedule. In some cases, a class may be dropped because there is no teacher available.

10. A minimum of 10 students must be signed up for a course before it is offered unless the course has specific approval of the BOARD OF EDUCATION.

SCHOOL CANCELLATION

Information relative to the cancellation of school because of inclement weather will be broadcast over radio stations KCCR and KGFX, and KELO TV will also carry the announcement.

SEMESTER TESTS

Semester tests will be administered in all classes each semester and will count 20% of the semester grade.

Attendance Vouchers:

Students who have not exceeded two absences in any of their classes during each semester (not counting school-sponsored activity absences, or study halls) and who have no tardy sweeps, unexcused absences, ISS, or OSS will be eligible for one semester test voucher that they may use to exempt the semester test score of one of their semester tests. Students must take all tests. If their test score is more than a 20% deviation from the average of their quarter grades, they will not be allowed to exempt that test. EXAMPLE: A student has an 85% in English when first and second quarter grades are averaged. If the student scores less than a 65% on his semester test in English, they would not be allowed to exempt that test score. This rule would ensure that students will still work hard on all tests and will still benefit from taking the test. Attendance vouchers are not cumulative beyond the semester in which they are earned.

State Assessment Vouchers:

9th and 12th grade students who scored proficient or advanced on both the Math and ELA portions of the statewide assessment the previous spring will be eligible for one semester test voucher which can be used in the same manner as an attendance voucher. The state assessment voucher can be used either 1st or 2nd semester.

SOLICITATIONS, FUNDS

There will be no solicitations of money and/or contributions of the students or their parents, nor dispensing of literature soliciting money and/or contributions nor dispensing of literature relative to the sale of print or non print educational materials, foodstuffs, general merchandise, etc. by any organization, group, or agency that is not part of the Pierre Public Schools. This policy is to include religious and political solicitations. A school sponsored organization may raise funds for its own organization with prior administrative approval. Booster clubs and the Pierre Athletic Coaches Association may have three major fund raising projects per sports season and minor fund raising promotions throughout the year all of which will be scheduled with the building principal.

STATE EVENTS: STUDENT PARTICIPANT AND/OR SPECTATOR

You are representing yourself, your parents, your community, and your school when you attend a state event. Your conduct and actions at the event are constantly being judged. At all times you should display the highest caliber of sportsmanship and expect the same from others.

All work and procedures for being absent are the same for you as when you know in advance that you will be absent from school.

The participants at a state event are representing Riggs High School and are under the school’s supervision. The student spectators are under only the school’s rules and regulations at the state event when Riggs’ team is about
to participate and also during the contest. All the rules and regulations that we follow when we have a home contest at Riggs High School are in effect at this time.

**STUDENT ATTIRE AND APPEARANCE**

Student dress and appearance should be non-disruptive and acceptable in style and taste. All students are expected to be clean and well groomed. While the grooming and general appearance of students is primarily the responsibility of the students and their parents, dress, grooming, cleanliness, and manners are also a part of the general educational process and thus become, in part, a responsibility of the school. Students and parents are reminded that attire or dress that is disruptive to the normal operation of the classroom or the overall operation of the school will not be acceptable.

The following (by way of example) is a partial list of clothing, which is prohibited as unacceptable:

- Clothing which displays lewd, obscene or profane language or graphics.
- Clothing, which displays language or graphics promoting the use of, or advertising alcohol, tobacco, or drugs.
- Clothing with language or graphics relating to sex or having sexual innuendos.
- Hats, caps or hoods being worn in the school building except in the gym during evening activities.
- Hats, caps or hoods worn in the theatre at any time.
- Short shorts or skirts, clothing which exposes undergarments, tube tops, see through and bare midriff garments, backless garments, and other clothing which results in inappropriate exposure.
- Pants, which do not fit around the waist or which are not properly fastened.
- Large chains and sharp, protruding studs or studded garments.

Students who are found to be in violation of this policy will be asked to immediately comply with it. If they do not the administration will take any action it deems necessary including suspension or expulsion in conformance with Board policy.

**EXTRACURRICULAR ACTIVITY ATTIRE:** Because activity programs traditionally require uniforms of various types, as well as uniform appearance of the students who are participating, the activity directors will require definite standards of dress and appearance while participating in the activity. This will be true for both home and away activities. It should be remembered that participation in an extracurricular activity is a voluntary privilege. Finally, it should be kept in mind by all the people of the community, regardless of age, that the desire of the administration, faculty, and the majority of the student body is simply to provide the best possible educational environment of the Pierre School System. Only by cooperation can this be done.

**STUDENT IDENTIFICATION CARDS**

Student identification cards will be provided for every student and staff member at T. F. Riggs High School. The purpose of having identification cards is to be used as a student library card, lunch card, activity card, and band pass, and to personalize T. F. Riggs High School beyond knowing one another by faces alone.

Replacement cards will cost $5.00. Each student must have a current student ID card each school year. The student ID cards are issued at the beginning of the school year. Students who purchase an activity ticket will be provided an amended student ID card at no cost to the student. Students new to the district and students who did not have a school picture taken will have an ID card made in the front office of T. F. Riggs High School.

**SUSPENSION**

**IN-SCHOOL SUSPENSION**

Students will be assigned to the in-school suspension area during the time they are suspended. These students have no study hall or computer privileges (unless assigned) and will have an extended day with a 3:15 dismissal time. The length of the suspension may vary based on the seriousness of the rules violation. After 10 days of cumulative in-school suspension, students will generally be out-of-school suspended for subsequent violations.

The in-school suspension coordinator will contact the student’s instructors who will in turn make assignments available for the student through the ISS coordinator. Students in-school suspended who fail to comply with
reasonable directions and who do not actively work to complete assignments will be subject to further disciplinary action, including increasing the length of time in ISS or out-of-school suspension.

The assignments are to be completed and returned to the ISS coordinator on the same day the student receives the work unless other arrangements are made. If that day’s work is not turned in by 3:15 p.m., the student will receive zero credit. It is the responsibility of the student to get his/her work turned in to the In-School Suspension Coordinator.

Students who are in-school suspended will have closed lunch and are required to sit at a designated table.

OUT-OF-SCHOOL SUSPENSION

Students who are out-of-school suspended must see their teachers before or after school to obtain class assignments. The amount of time allowed for make up work is the same as the number of days a student is suspended. A student who is suspended for three days will be expected to hand in his/her work when returning to class. Students should make arrangements with teachers to make up any tests missed due to out-of-school suspension. All work completed during OSS, if turned in on time, is worth 100% credit. If the suspension happens concurrent with semester testing the student will not be allowed to take the semester tests unless granted special approval by a building principal. Work not completed on time will receive no credit. Any student subject to an out-of-school suspension will not be allowed to participate in or attend any school activities during the duration of the suspension.

After 15 days of cumulative out-of-school suspension, students will generally be recommended for long-term suspension for any subsequent violations.

TARDIES

At the start of each class period a student is to be in his/her assigned room when the final bell rings or he/she will be considered tardy for the period and will not be admitted to class without a pass from the main office. If a student is late for class or school during the first 5 minutes, he/she will be considered tardy for that period. If the student comes to school or class after the first 5 minutes of the class period, he/she will be considered absent. Students who are in school, but tardy and intentionally stay out of class until the first 5 minutes have passed in order to avoid a tardy will be assigned a skip and given appropriate consequences.

Examples of student tardies that will generally be excused are parent excused medical appointments, legal appointments and emergencies in the home or in transit to school. Examples of student tardies that will not be excused are “running late” and oversleeping. Parent notes and phone calls will be accepted to support excused tardies meeting these criteria.

All students will be allowed two (2) tardies per semester without consequence. A student who has his/her third (3rd) tardy that is unexcused will be assigned detention/detentions for that tardy and for each subsequent unexcused tardy in the semester. Excessive tardies will result in suspension and parent contact.

TEACHER QUALIFICATIONS

Teacher qualifications are available upon request from the superintendent’s office.

TELEPHONES/STUDENT MESSAGES

There is a student phone available for use in the front office. Phone calls for students during class are discouraged. Students will be called from the classroom only in extreme emergencies. Students will be notified about any message at the end of said class period.
TRAFFIC

School officials will not allow violations of traffic rules on school grounds. Complaints will be filed against those who continually violate the accepted traffic regulations.

TRANSFER OF ACADEMIC CREDIT

Insofar as Riggs High School is accredited by both the State of South Dakota and the North Central Association of Colleges and Schools, no credit will be granted for any course work taken at a non-accredited school in grades nine through twelve.

High school credit will be accepted from high schools accredited by state departments of education and/or regional accrediting agencies similar to the North Central Association of Colleges and Schools.

VEHICLE PARKING

Student parking is restricted to the main student parking lot southwest and west of the school and on the street. Student parking spaces are clearly designated with white lines. Students who park inappropriately, in restricted areas will be assigned appropriate consequences. Students who park inappropriately in handicapped areas or fire zones will be ticketed by the city.

VISITORS

All visitors must report to the office upon entering the building so that their presence may be properly noted by school officials. Visitors will be required to sign in and out in the office and to wear a visitor badge while they are in the building. While visitors are welcome, loitering in or near the school building will not be permitted. Students wishing to bring guests with them to school must check with the principals for approval. In addition to securing the approval of a principal, students must also gain the approval of each individual teacher they have during the day. No students will be allowed to bring guests during the last two weeks of a semester.

PIERRE SCHOOL DISTRICT #32-2

ACCEPTABLE TERMS AND CONDITIONS
FOR USE OF THE INTERNET & DISTRICT NETWORK

Please read the following carefully before signing this document.

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. These guidelines are provided here so that you are aware of the responsibilities you are about to acquire. In general this requires efficient, ethical and legal utilization of the network resources. If a Pierre student violates any of these provisions his or her use may be terminated, future access could be denied, and the school district's discipline policy be applied. The signature(s) at the end of this document is legally binding and indicates that the parties who have signed have read and agreed to the terms and conditions and understand its significance.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. The Pierre School district has taken some precautions to restrict access to objectionable materials. However, on a global network it is impossible to control all materials and an industrious user may discover objectionable information.

INTERNET – TERMS AND CONDITIONS AS OUTLINED
IN THE CHILD INTERNET PROTECTION ACT

Acceptable Use – Internet use must be in support of education and research and consistent with the educational objectives of the Pierre School District. Use of another organization’s network or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any federal or state regulation is prohibited. This includes, but is not limited to copyrighted material, threatening or obscene material or material protected by trade secret, etc. Use for commercial activities by Pierre School District users is not acceptable. Use for product advertisement or political lobbying is also prohibited.

Privileges – The use of Internet is a privilege, not a right, and inappropriate use may result in a cancellation of those privileges. The district administration will deem what is inappropriate use and its decision is final. The network administrators may cancel privileges at any time as required. The administration, faculty, and staff of Pierre School district may request the network administrator to deny, revoke, or suspend specific user privileges. Staff and student use is subject to review by district personnel and is considered neither private nor confidential.

Etiquette – Users are expected to abide by the generally accepted rules of network etiquette. These include (but are not limited to) the following:
1. Be polite. Use appropriate language. Do not use abusive, vulgar communications with others. No swearing or cursing may be used.
2. Do not give your home address or phone number to others nor share your password with anyone.
3. Electronic mail is not guaranteed to be private. Anonymous messages may not be sent. Because we value the safety and security of minors, electronic mail outside the district system, chat rooms, and other forms of direct electronic communications are not allowed.
4. Do not use the network in a way that would disrupt the network nor interfere with others’ use of the building’s or district’s networks.
5. All communications are the property of the author and can be used only with permission.
6. The network may not be used for any illegal activity nor may it be used for private financial gain.
7. No one may gain unauthorized access to resources or entries on the network for which they are not authorized. The Pierre schools’ network may not be used to invade any other networks.
8. Home pages may be created when authorized by the building administrator and network administrator. Location for storage of home pages shall be set by network policy.

Warranties – The Pierre School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The Pierre School District will not be responsible for any damages a user suffers. This includes loss of data resulting from delays, non-deliveries, miss-deliveries, or service interruptions caused by its own negligence or users’ errors or omissions. Use of any information obtained via the Internet is at one’s own risk. The Pierre School District specifically denies any responsibility for the accuracy or quality of information obtained through Internet or network services.
Security/Filtering/Monitoring – Security on any computer system is a high priority, especially when the system involves many users. Filtering software is used on all computers with access to the Internet. This will block or filter access to visual depictions that are obscene and found harmful to minors. If a user feels he/she can identify a security problem on Internet or any district network, he/she must notify a network administrator/teacher. Do not share or demonstrate the problem to other users. Do not use another individual’s account without written permission from that individual. Attempts to log in to Internet as a network administrator may result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to Internet or other district networks.

Vandalism – Vandalism may result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data of another user on the district’s networks, the Internet, or other networks that are connected to the district’s or Internet backbone. This includes, but not limited to, the uploading or creation of computer viruses and programs designed to gain access to networks via illegal means. Intentional damages to equipment or software and other forms of vandalism may result in the cancellation of computer privileges and the district’s discipline policy shall be invoked. Cost of damages will be billed to the user.

Updating User Information – Internet may occasionally require new registration and account information from a user to continue the service. A user must notify the building or network administrator of any changes in his/her account information (address, etc.) Currently, there are no user fees for this service.

Telephone Charges – Pierre School district assumes no responsibility or liability for any phone charges including, but not limited to, long distance charges, per minute (unit) surcharges and/or equipment or line costs, incurred by user. Any disputes or problems regarding phone service are strictly between user and his or her local phone company and/or long distance service provider.

Exception of Terms and Condition – All terms and conditions as stated in this document are applicable to the Pierre School district. These terms and conditions reflect the entire agreement of the parties and supersede all prior oral or written agreements and understandings of the parties. These terms and conditions shall be governed and interpreted in accordance with the laws of the State of South Dakota and the United States of America.

I understand and will abide by the above terms and conditions for Internet. I further understand that any violation of the regulations above is unethical and may constitute a criminal offense. Should I commit any violation, my access privileges may be revoked, school disciplinary action may be taken and/or appropriate legal action taken.

_______ NO, I DO NOT WANT MY CHILD TO INDEPENDENTLY USE THE INTERNET. Riggs High School Tablet Computer Program

We believe that the use of the tablet computers and access to available technology, integrated throughout our program of instruction, will help prepare students for their future. The use of technology will allow our students to collect, analyze, consider and communicate ideas and information from an enormous pool of available resources. Through effective planning, our staff will guide students in the analysis, synthesis and evaluation of this vast store of information and help them apply it to complex and practical real-world problems in the classroom. Through the use of the tablet computers, the teaching and learning process will change over time with students assuming more responsibility for their learning and teachers becoming coaches in the classroom rather than dispensers of knowledge.

Establishing this new environment for learning requires careful planning and consideration as well as the application of effective policies and procedures. In many ways this program will demand an increased level of responsibility on the part of all students, parents and school staff. This policy manual is intended to provide the critical information and infrastructure necessary to insure the tablet program’s success. Since this is a new and complex project, the policies and procedures covered in this document are not “all inclusive” and will evolve over time.

All Riggs High School students will be issued Fujitsu P727 Tablet PC computers at the beginning of the 2020-21 school year. The computers will be checked out and registered to the students. The computers students receive will be re-issued to them in subsequent years. Students and parents will be required to sign a computer protection agreement and also a pledge for the use of the computers. We ask that you familiarize yourselves with the content of this policy document and follow the guidelines closely in the use of the school’s computer equipment.

We are excited about this opportunity to enhance learning at Riggs High School and to help us prepare students to function effectively in a technology driven world.

- Tablets must never be left in a car or any unsupervised area.
- Students are responsible for keeping their tablet’s battery charged for school each day.

3.2 Carrying Tablets

The tablets must be carried in a backpacks that have sufficient padding to protect the tablet from normal treatment and provide a suitable means for carrying the computer within the school. **The guidelines below should be followed:**

- Students must transport their tablets in a protective backpack.
- The tablet must be turned off before placing it in the backpack.
- Cords, cables, and removable storage devices should be removed before tablets are placed in the backpack.
- The stylus should be stored in the computer when not in use.

3.3 Screen Care

The tablet screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on the top of the tablet when it is closed.
- Do not place anything near the tablet that could put pressure on the screen.
- Always return the screen towards the keyboard when transporting.
- Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, or disks).
- Clean the screen with the cleaning cloth supplied with your tablet - **never use chemical cleaners on your tablet screen.**
- Only rotate your screen when it is at a 90 degree angle to the computer.
4. USING YOUR TABLET AT SCHOOL

Tablets are intended for use at school each day. In addition to teacher expectations for tablet use, school messages, announcements, calendars and schedules will be accessed using the tablet computer. Students must be responsible to bring their tablet to all classes, unless specifically advised not to do so by their teacher.

4.1 Tablets Left at Home
If students leave their tablet at home, they must immediately phone parents to bring them to school. Repeat violations of this policy will result in disciplinary action.

4.2 Tablets Undergoing Repair
Loaner tablets may be issued to students when they leave their tablets for repair at the Help Desk Room 109.

4.3 Charging Your Tablet’s Battery
Tablets must be brought to school each day in a fully charged condition. Students need to charge their tablets each evening. Repeat violations of this policy will result in disciplinary action. In cases where use of the tablet has caused batteries to become discharged, students may be able to connect their computers to a power outlet in class or exchange batteries at the Technical Help Desk located in the Technology Center Room 109.

4.4 Screensavers and Backgrounds
• Inappropriate media may not be used as a screensaver or background.
• Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, and gang related symbols or pictures will result in disciplinary actions.
• Passwords on screensavers and backgrounds are prohibited.
• Hard drive passwords are forbidden. If used, students may be responsible for the cost of replacement hardware.

4.5 Sound
Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.

4.6 Printing
Students will use designated printers in various locations around the school with teachers’ permission. Limits will be established to the number of pages students will be allowed to print during the course of the school year.

4.7 Deleting Files
Do not delete any files that you did not create. Deletion of certain files can affect your tablets performance. *There will be a $25 Re-Image Fee to Correct These Problems*

5. MANAGING YOUR FILES & SAVING YOUR WORK

5.1 Saving to the My Documents Folder
Students will be logging onto the district network in order to back up their work. Students will have their own user account and folder on the network with ample space to back up any school-related work. Students will save school related files under *My Documents Directory* which will synchronize with the school’s server upon logging in and logging out. Do not store music or image files which are not school related files in this
directory. Music, image files or personal files should be stored in C:\My Music or C:\My Stuff. Only files stored in the *My Documents Directory* will be automatically backed up and saved. Student work saved to a different location on the computer will not be saved to the high school server.

5.2 Saving data to Removable storage devices
Students should also backup all of their work at least once each week using removable file storage. Removable USB devices may be purchased at a local retailer. It is the student’s responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. Computer malfunctions are not an acceptable excuse for not submitting work.

6. SOFTWARE ON TABLETS

6.1 Originally Installed Software
The software originally installed must remain on the tablet and it must be easily accessible at all times. The tablet is supplied with Hewlett-Packard’s proprietary version of Microsoft Windows XP Professional operating system and with additional software.

From time to time the school may add software applications for use in a particular course. Periodic checks of tablets will be made to ensure that only appropriate software is installed on student’s computers.

6.2 Virus Protection
The tablet has virus protection software. This software will scan the hard drive for known viruses on boot up. The virus software will be periodically upgraded from the network.

6.3 Additional Software
It is the responsibility of individual students to ensure that no additional software or files are installed on their tablets without the Pierre School Districts permission. Any software installed, but not approved by the district will require a system re-image and may be subject to disciplinary consequences.

• All students have access to a network drive on which to store data. **It is the responsibility of the student to see to it that critical files are backed up regularly.**

• All use of the Internet must comply with district guidelines. Log files are maintained on each tablet with a detailed history of all sites accessed. These files will be reviewed periodically.

11. TABLET FAQ’S
1. What is the configuration of my Fujitsu P727 Tablet Computer?
See page 48.

2. Can I use the Fujitsu P727 Tablet Computer and software throughout my career at Riggs?
Yes. While the rapid pace of computer technology guarantees that more advanced units will be available before you graduate, your unit will be powerful enough for your classroom work throughout your career at Riggs. The available software will be usable in upper level as well as entry-level course work. Of course, just as upper level courses require different textbooks, you may need additional software as you move through the curriculum.

3. What if I already have another model or brand of tablet computer?
You will be required to use the school district issued tablet for school purposes. This is necessary to ensure that you have a computer that gives you network capability and the ability to run the software that you will need in your courses. The Pierre School District is also limited to provide maintenance service or assistance for only the Fujitsu P727 Tablets. For these reasons, other tablet computers will not be used on the Pierre School District network at school.

4. Can I have my tablet computer this summer?
No. All tablets will be collected at the end of the school year for general maintenance, cleaning, and software installation purposes. Students will receive their tablets prior to school starting each fall to ensure that everyone receives necessary updates and complete information about the computer, including its warranty, insurance coverage, software usage and Pierre School’s policy regarding the ethical use of computers.

5. Where do I find a Fujitsu P727 authorized service technician?
Pierre High School will work with the authorized service technicians placed in the State of South Dakota as part of the Classroom Connections Project. If you have a question or a service need, take your tablet to the Help Desk located in the Technology Center Room 109.

6. What about insurance against theft or breakage through carelessness?
Your tablet computer is very portable and very valuable, making it an attractive target for thieves. Therefore, the Pierre School District tablet protection is recommended. The protection covers the tablet for a $25.00 payment. You will be responsible for paying an additional charge of $200.00 for each theft or loss claim. The best insurance is to take care of your tablet. Do not leave your tablet in the building, classroom, commons, or car unattended. Always know where your tablet is! Above all, take your computer home each night.

7. Does Riggs provide maintenance on my Fujitsu P727 tablet computer?
Yes. The Technical Services Help Desk staff will coordinate maintenance for students.
8. What will I do without a computer in my classes if my tablet unit is being repaired or while I am replacing it if it is lost or stolen?
Pierre High School stocks a limited number of tablet computers that can be loaned out on a first come, first served basis. You will be able to apply for a loaner unit at the Help Desk in the Technology Center Room 109, the same area where you will go for service on your tablet computer. If you are in possession of a loaner, treat it as if it were your own computer. You will be responsible for any damage to the unit or for its loss.

9. If I purchase software in addition to the available software provided through Pierre school, will the Technical Help Desk staff load it for me?
Yes – but only if the software is found to be needed for a specific class.

10. Do I need a printer?
You need not own one since printers will be made available at the school as needed. If you want to use your own printer at home, you will need to visit the technology Help Desk and ask to have your printer installed.

11. Will I need to buy a modem?
No. A modem is built into the Fujitsu P727.

12. How do I connect to the Internet at home?
You may connect to the Internet using a cable Ethernet connection or wireless Ethernet connection. If you have service with Midcontinent Communications, you simply need to plug the Ethernet cable into the Ethernet port on the tablet computer. If you maintain a wireless home network, you must set the tablet to connect to your wireless connection. Dial-up Internet connections will not work on the school tablet until the Pierre High School technicians format your tablet for a dial-up connection. Please take your tablet to the technology Help Desk in Room 109 if you want your tablet configured for your home dial-up Internet access.

13. Will there be facilities to back up the files I create on my tablet?
Yes. When you save your documents to the My Documents folder and are on the district network, your files are automatically synchronized to the school storage server. When you are offline or not connected to the district network save your files in My Documents and they will synchronize when you return to school and log onto the network. You are also encouraged to save your documents to a removable memory card that can be inserted into the USB drive on the tablet. Only school related work should be saved to the My Documents folder since there is limited space on the server.

14. What if I want to add options to my tablet later?
Only the Pierre School District is authorized to add options and upgrades to your tablet computer.

15. What if I want to run another operating system on my tablet?
Only the operating system chosen by the Pierre School District will be authorized to run on a student-issued tablet computer.

16. Will I be given a new battery if mine goes bad?
The tablet battery will be replaced by the manufacturer for confirmed defects.

17. What has the school done to help prevent students from going to inappropriate sites?
We have a software product which is designed to help monitor all Internet sites that students attempt to access. This software blocks inappropriate sites and also logs a history of every site that each user opens. All students who attempt to find inappropriate sites will be directed to the Principal’s Office.
18. Are Student Tablets subject to school “snooping”; what if they bring their tablet in for repairs and “objectionable data” is detected?
Inappropriate material on tablets should be reported to the classroom teacher, assistant principal, Integrationist or Help Desk immediately upon identification. Students who have “objectionable data” on their tablet, but have failed or chosen not to report it, will be referred to the Principal’s Office.

19. If the accessories to my tablet are lost or stolen, how much will it cost to replace them?
In the event that tablet accessories are stolen, you should report the lost items to the Help Desk. You will be responsible for the cost of replacement of lost or stolen accessories.

20. What is unacceptable behavior?
Unacceptable conduct includes, but is not limited to the following:
A. Using the network for illegal activities, including copyright, license or contract violations, downloading inappropriate materials, viruses, and/or software, such as (but not limited to) hacking and host file sharing software.

12. Use of Technology Resources Policy

**Purpose**
The Pierre School District is pleased to offer students, faculty, and staff access to technology resources for schoolwork and enrichment activities. The purpose of the Pierre School District’s technology resources is to provide additional educational resources and communication tools for students and teachers. These resources will help teachers to facilitate education and research consistent with the objectives of the Pierre School District.

**Definition – Technology Resources**
The Pierre School District’s technology resources include but are not limited to the following resources: network, internet, computer hardware, software, printers, servers, stored text, data files, electronic mail, digital images, and new technologies as they become available.

**Regulations**
The use of the Pierre School District’s technology resources is a privilege, not a right. The privilege of using the technology resources provided by the school district is not transferable or extendible by students to people or groups outside the district and terminates when a student is no longer enrolled in the Pierre School District. This policy is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources. If a person violates any of the User Terms and Conditions named in this policy, privileges may be terminated, access to the school district technology resources may be denied, and the appropriate disciplinary action shall be applied. The Pierre School District’s adopted student policies shall be applied to student infractions.
User Terms and Conditions
The use of Pierre School District’s technology resources is subject to the following terms and conditions:

1. The use of technology resources must be for educational and/or research purposes consistent with the mission, goals, and objectives of the Pierre School District along with State & Federal regulations. In compliance with federal law, the school district shall make reasonable effort to restrict access to inappropriate materials and shall monitor the on-line activities of the end users in the school environment.

2. User accounts are considered the property of the school district. Network administrators may review school computers to maintain system integrity and to insure that users are using the system responsibly. While user files will not be examined without reasonable cause, users should not expect that anything stored on school computers or networks will be private.

3. Prohibited technology resources activities include, but are not limited to, the following:
   Computer Tablet Violations:

   g. Promoting or soliciting for illegal activities.
   h. Attempting to repair, remove or install hardware components reserved for an authorized service technician.
   i. Violating copyright or other protected material laws.
   j. Subscribing to mailing lists, mass e-mail messages, games, or other services that generate several messages that can slow the system and waste other users’ time and access.
   k. Intentionally wasting school resources.

Consequences
Consequences for violations will be determined by the administration following consultation with the technical staff and may include suspension of computer privileges and other disciplinary consequences.

Computer Network Violations:
   a. Attempting to log on to the Internet or network (servers, routers, switches, printers, firewall) as a system administrator.
   b. Sending, accessing, uploading, downloading, or distributing pornographic or sexually explicit materials.

4. Pierre School District does not guarantee that its technology resources will be uninterrupted or error-free; nor does it make any warranty as to the results to be obtained from use of the service or the
accuracy or quality of the information obtained on or by the network. Access to the network is provided on an “as is” basis without warranties of any kind. Neither the school district nor any of its agents or employees shall be liable for any direct, indirect, incidental, special, or consequential damages arising out of the use of or inability to use the network or Internet.

5. Users shall be responsible for any costs, fees, charges, or expenses incurred under the person’s account in connection with the use of the network or Internet except such costs, fees, charges, and expenses as the school district explicitly agrees to pay.

6. Any security or equipment problems arising from the use of technology resources must be reported to the Computer Help Desk or Principal’s Office.

7. Students will be held responsible for maintaining their individual school computers and keeping them in good working order.
   a. Computer batteries must be charged and ready for school each day.

The school district will be responsible for repairing computers that malfunction. Computers that have been damaged from normal use or accidentally will be repaired with no cost or minimal cost to the student. Students will be entirely responsible for the cost of repairs to computers that are damaged intentionally.

**Accidental tablet damage:** Students who have recorded 3 or more instances of accidental tablet damage may be asked to check their tablet in at the Help Desk after school. Tablets may be checked out again before classes begin the next day. Special permission to take a tablet home for class work may be permitted by the administration.

   e. Computers that are stolen must be reported immediately to the Principal’s Office and the police department.
   f. Individual school tablet computers and accessories must be returned to the T.F. Riggs High Schools Help Desk at the end of each school year. Students who graduate early, withdraw, are suspended or expelled, or terminate enrollment at T.F. Riggs High School for any other reason must return their individual school tablet computer on the date of termination.
If a student fails to return the computer at the end of the school year or upon termination of enrollment at T.F Riggs High School, that student will be subject to criminal prosecution or civil liability. The student will also pay the replacement cost of the computer, or, if applicable, any insurance deductible. Failure to return the computer will result in a grand theft report being filed with the Pierre Police Department. Furthermore, the student will be responsible for any damage to the computer, consistent with the District’s Tablet Computer Protection plan and must return the computer and accessories to the T.F. Riggs High School Help Desk in satisfactory condition. The student may be charged a fee for any needed repairs not to exceed the replacement cost of the computer.
The Pierre School District recognizes that with the implementation of the tablet initiative there is a need to protect the investment by both the District and the Student/Parent. The following outlines the various options for insurance coverage.

**INSURANCE FOR THEFT, LOSS FROM FIRE OR FLOOD:** Following are the three options that are available for theft, loss or damage by fire or flood. Student/Parent must commit to one by checking the appropriate box.

- **No Insurance:**
  
  □ You agree to pay for the replacement of the tablet computer at a cost not to exceed $1,048.00 should the tablet be stolen, lost or damaged by fire or flood.

- **Personal Insurance:**
  
  □ You will cover the tablet computer under your own insurance policy and in the case of a theft, loss or damage by fire or flood you agree to pay the District the amount received from your insurance company plus any additional amount needed to cover the tablet replacement not to exceed $1,048.00.

- **School District Protection**
  
  □ You choose to pay the school district an annual protection payment for coverage of theft, loss or damage by fire or flood in the amount of $25.00 or $50.00 for family coverage when there are two or more children in high school using tablet computers. The $25.00 payment is non-refundable. This protection coverage has a $200.00 additional charge per occurrence. This annual coverage begins upon receipt of the payment and ends at the conclusion of each school year.

**ADDITIONAL INFORMATION:** In cases of theft, vandalism and other criminal acts, a police report, or in the case of fire, a fire report **MUST be filed by the student or parent** for the protection coverage to take place. A copy of the police/fire report must be provided to the principal’s office.

The $200.00 additional charge is the responsibility of the student/parent and must be paid before the tablet can be repaired or replaced.

**INTENTIONAL DAMAGE:** Students/Parents are responsible for full payment of intentional damages to tablets including negligence in the use and care of the computers. School District Tablet Protection **DOES NOT** cover intentional damage of the tablets.

Period(s) in the Academy ____________________________
After School Program
Students wishing to recover credits after school should see their school counselor to obtain an Academy application. Academy staff are available in the Academy after school Monday through Thursday 3:10-4:00 PM.

Once scheduled in the Academy after school, students are required to attend Monday, Tuesday, Wednesday, and Thursday 3:10-4:00 PM. Conflicts with the after school schedule (school sponsored activities, church activities, medical appointments, work) should be approved with documentation on a case-by-case basis prior to the student’s missing after school time. Students accumulating 12 unexcused absences will be removed from the after school program. Students may re-apply the following semester for consideration for the program. If a waiting list for the program exists, the student will be put at the bottom and notified when a slot opens.

Even though this program is after school hours, all Academy and school rules apply.

Attendance
All attendance is based on semesters. Students are allowed 12 absences each semester for each course taken. Additional absences for reasons other than the following will put a student in violation of the attendance policy and he/she may be dropped from the Academy.

1. Personal illness,
2. Funerals,
3. Appointments, either legal or medical,
4. Suspended from school,
5. An unforeseen circumstance or emergency that arises and is cleared by an administrator.

When a student is in jeopardy of being dropped from one or more classes, the parent/guardian of the student will be notified in writing by the administration. A meeting may be requested to discuss and attempt to resolve the student’s attendance situation.

Any student who is gone from the Academy for 12 consecutive days without contact will be dropped from the rolls.

Beverages
Access to beverage machines outside the lunchroom is a privilege. Abuse of the privilege may result in students losing the privilege to access the machines. Students are responsible for cleaning up waste from beverage containers.

Students may have the following beverages in the Academy:

1. Bottled water, juices, sports drinks.
2. Bottled beverages that are sold in the beverage machines in school.
3. Hot beverages in containers with lids.

Students may NOT have the following beverages in the Academy:

1. Energy drinks
2. Pop
**Calendar**
Riggs Academy follows the Pierre Public School’s schedule and calendar including holidays and early releases.

**Cell Phone Use**
Cell phones must be turned off and put away in a pocket or backpack while in the Academy. Students cannot talk on the cell phone or text while in the Academy. Students found using cell phones during school time will have phones confiscated and may pick them up after school from the Academy teachers. Students may be allowed to talk or text outdoors between classes as needed. If a student is determined to be wasting time because of the phone, phone privileges will be taken away. Chronic violators will lose phone privileges and will be referred to the administration.

**Credits Earned**
To earn ½ credit, students must successfully complete an Apex or direct instruction course with a minimum of 65% on all assignments, quizzes, and tests.

**Eighteen and over Year Old Students**
Students who have reached 18 years of age are expected to meet all school rules and regulations required of all the other students. Eighteen-year-old and over students and legally emancipated students under 18 may submit their own excuses, only if they are residing outside the home of their parent/parents or guardian. The school will require legal notice of the emancipation of any minor student.

**Electronic devices**
Academy students may use CD players or MP3 players at the discretion of staff while working in the Academy. Students must use headphones while listening to such devices. Volume should be at a level that can only be heard by the student. The devices are the responsibility of the student. Pierre School District does not resume any responsibility for lost or stolen devices.

**Food**
Students may bring and eat snacks while in the Academy as long as it does not interfere with their studies. Students must throw away any trash and leftovers and clean up after themselves. Full meals should be consumed outside of the Academy.

**Harassment**
The Pierre School District is committed to providing a learning and working environment free of unlawful harassment based on an individual’s race, color, religion, creed, ancestry, gender, sexual orientation, national origin, disability, age or other basis prohibited by law. It shall be in violation of this policy for any student or any school personnel of the School District to harass a student, any school personnel, or any visitor through conduct or communication of a sexual nature or communication disparaging a person’s race, color, religion, creed, ancestry, national origin, gender, sexual orientation, disability, or age. For the purpose of this policy, “school personnel” includes School Board members, all school employees and agents, volunteers, contractors, or persons subject to the supervision and control of the School District. This policy applies on all School District property and to all School District sponsored, approved, or related activities at any location.
The School District will investigate complaints of harassment and will discipline or take appropriate action against any student or school personnel who is found to have violated this policy.

Every employee will be provided a copy of this policy and its regulation annually and will sign an acknowledgement form indicating having received a copy and having read the material. Supervisors and school principals shall submit the signed form to the Title IX Coordinator.

Inappropriate Language

Inappropriate language includes a student’s use of profanity, obscenity or abusive language. This will not be tolerated whether the communication is written (including tattoos), spoken verbally, or is a gesture that would communicate profanity, obscenity or would be considered abusive.

The consequences for inappropriate language will be determined on a case by case basis. Possible consequences may range from a verbal reprimand to short term or long term suspension.

Narcotics, Alcoholic Beverages, Tobacco, and Stimulant Drugs

A student shall not knowingly possess, use, transmit, or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, tobacco, or intoxicant of any kind.

This applies to incidents occurring on school property at any time and at any school activity, function or event.

Use of a drug authorized by a medical prescription from a registered physician shall not be considered a violation of this rule.

When the school administrator or certificated staff member has probable cause to suspect that a student or students have in their possession narcotics, alcoholic beverages, tobacco, or stimulant drugs on the school grounds or off the school grounds while at or on a school activity, a search of the person’s locker, personal effects, etc. may be conducted. Staff members should obtain administrative approval if it is feasible prior to the search.

Procedure for entering the Academy:

All Pierre students wishing to recoup high school credit through Riggs Academy must meet with a high school counselor.

If eligible for enrollment consideration, students will complete an Academy application form and return it to their counselor.

Student application will be evaluated based on academic need, personal situation, and potential for academic success in the Academy. Priority will generally be given to students closest to meeting the high school graduation requirements.

Students will be scheduled into the Academy based upon available slots. Students may be placed on a waiting list.

Procedure for exiting the Academy:

Students meet monthly with the program director to review progress and set completion goals.

At each bi-monthly team meeting, individual student progress is discussed. Students successfully completing all scheduled academic course work will be dismissed from the Academy. Freshman and sophomore students exiting the Academy will be scheduled into a study hall during their former Academy period.
For students not making academic progress the team (counselors, principals, Academy teachers, other resource personnel as needed):
  o Outlines interventions that have been made (student intervention sheet filled out)
  o Brainstorms interventions that could be done in order to ensure student success.

A plan of action is written which may include:
  o Student/parent meeting with team members- with specific improvements outlined.
  o Development of an academic progress contract with student.

Student progress will be evaluated at the next Academy Team meeting (or earlier). The Academy Team will have the final authority to determine if a student continues in the Academy or is dropped from the program. Students dismissed from the program may re-apply for enrollment in the following semester but will not be given top priority.
