

In January of the 2018-2019 school year, T.F. Riggs will undergo an extensive accreditation review process through the international accreditation organization, AdvancEd, formerly known as North Central Accreditation.

Accreditation is an international protocol for institutions committed to systemic, systematic, and sustainable improvement and is designed to build the capacity of the institution to improve and sustain student learning and stimulate and improve effectiveness and efficiency throughout the institution.

The AdvancEd Accreditation process takes a balanced approach to reviewing schools and is an analysis and evaluation of the impact of teaching and learning, leadership capacity, and resource utilization.

The T.F. Riggs staff is required to complete an internal review process that involves feedback from students, parents and staff regarding the quality of education provided at T.F. Riggs High School. An extensive report will be filed to the AdvancEd organization upon completion of the internal review for review by the organization and in preparation for the external review team.

During the week of January 28, 2019, T.F. Riggs will undergo the external review process for accreditation. An External Review Team comprised of professional peers with diverse experience and rich contextual perspectives will visit Riggs High School.

The External Review Team is assigned the task of determining the institution's effectiveness in meeting the requirements set forth by AdvancEd for accreditation and for providing analysis and evaluation of our system along with delivering valuable feedback and direction for improvement.

T.F. Riggs has been recommended for accreditation through the AdvanEd organization for more than 100 years. The staff at T.F. Riggs takes great pride in the work we do and believe the accreditation process is an important step toward ensuring that we provide the highest quality educational experience possible for our students.

If you are interested in reviewing the accreditation documents from this process, please contact one of the administrators at T.F. Riggs High School.

In Education,

Kevin Mutchelknaus
Principal, T.F. Riggs
