

Pierre School Board Goals 2016-2017

- **Encourage innovative approaches that will allow for greater technology integration in all features of the curriculum (selection, development, & implementation), extracurricular activities, and engagement with external stakeholders.**
- **Transform the educational experience for the growing number of at-risk students, while continuing to uphold a teaching and learning environment that allows for the successful progression and completion for all students.**
- **Foster a climate of self-reflection and collaboration among staff that cultivates our commitment to professional development as a valuable resource for district advancement.**
- **Adjust current policies, procedures, and practices that may aid in positively impacting staff morale with an intent of continuing to improve retention of current district staff, and ensure continued success in the recruitment of candidates in future employment in the district.**
- **Explore creative approaches to showcasing the academic, extracurricular, and community wide benefits of the Pierre School District through students, staff, administration, and school board members.**

**Mission Statement: “To Cooperatively Inspire All
Students to Achieve Their Potential”**
